AMERICAS

Texprocess Americas creates an opportunity for manufacturers and distributors of machinery, equipment, parts, supplies, systems, technology, and supply chain solutions to meet with leading retailers, brands, manufacturers and other professionals involved in the sewn products industry. Co-located with Techtextil North America, the largest show in North America for technical textiles and nonwovens, this two-in-one event covers the entire textile supply chain, and attracts decision makers from across the industry spectrum. Showcase your latest innovations and products to thousands of qualified buyers, industry insiders, and potential partners!

“We were very pleased with the leads generated and are looking forward to the show again next year.”

—Steven Kunreuther, President, Texpak, Inc.
